

**Name: David Cranston**

**Date: 17 April 2018**

---

**Research Support**

*Financial (including grants and donations)*

High Intensity Focused Ultrasound research links with the National ultrasound engineering centre for China, HAIFU company, and University Medical School in Chongqing China. I travel there about once a year for meetings and they usually pay for flights and accommodation but I do not receive any other financial remuneration from them. They have supported HIFU research in Oxford over the last 15 years.

*Material (including equipment, materials and reagents)*

The HAIFU company have donated or supported the purchase of two High Intensity Focused ultrasound machines to Oxford University Hospitals NHS Trust

**Boards and committees**

On the Editorial board of BJUI and BJS. Trustee of UCare (Urology Cancer research and education - Oxford) charity

**Ownership interests, equities or holdings**

Nil

**Consultancies**

Honorary consultant to HAIFU company China. Unpaid apart from travel as outlined above.

**Paid speaker/Expert testimony/Travel or conference attendance support**

Travel to China as outlined above, and occasionally to other countries when lecturing on HIFU or attending HIFU meetings.

**Patents**

Nil

**Awards**

Nil recent

**Editorial Interests**

I have recently written a book on William Osler and his Legacy to Medicine

**Other**

Outside medicine I am Chairman of the executive board of the Oxford centre for mission studies and a Trustee of “The Cranston trust” charity
